

# Heavy Construction **ATTACHMENTS**

**RP - ROCK PICKER**

**QRP - QUARRY ROCK PICKER**

The GEM Wheel Loader Quarry Rock Picker is used for sizing and sorting of large rocks out of a shot wall when high production matters. The spacing between the teeth allow debris to fall through.

The GEM Wheel Loader Rock Picker is designed for smaller rock applications including clearing fields and pasture land.

Available in Quick Coupler  
and Pin-On Style Mounting
